

Sister Jeri Renner OP

DOMINICAN SISTERS OF ADRIAN EDMONDS
FINAL PROFESSION: 1952

I am retired, and I live in Senior Housing Assistance Group, so I don't live in a community as such. However, I feel I have a special ministry there. I had been a chaplain for a number of years, and it was then that I really got to see how God moves His people in different ways. I'm retired now, but I still get to help guide people through the negative aspects of their lives. I get the satisfaction that I'm doing what God is asking of me, which is to be present to people in a caring, loving way.

"It allows us to continue to do the mission of Jesus without being impoverished. It is important that we live adequately without having to worry about where our next meal is coming from. And living where I do, I experience what it's like to not know where the next meal is coming from. Some are living that way now. Please consider giving to support the priesthood and religious life so that we continue the good works that Jesus has in mind for us."

of the campaign*

You have been told, O mortal, what is good, and what the LORD requires of you:
Only to do justice and to love goodness, and to walk humbly with your God.
